

Meeting came to order at 6:35 p.m. on July 6, 2017.

All members present.

Jeff moved to amend the minutes of the last meeting, seconded by Nancy. Voted and approved

Lauren made a motion to amend the meaning of Nature Education., seconded by Nick. Carol made suggestions.

Shortened version – “Nature education is a learning process that increases a persons Knowledge in all aspects of the natural world including rocks, plant, and animals and in general those things not altered by human design. Nature education encompasses the concept that all life, including humans, exist only in the context of a system and explores the established ecological principals that govern such systems.” Motion voted and passed with one no vote (jan).

Bring back ideas for Nature Education

Next meeting to be decided later by Jeff.

Jan moved to adjourn, Nick seconded and agreed by all.

Meeting ended at 7:30 p.m.

Respectfully submitted:

Jan Hubbard
