

Environment Committee Minutes  
Thursday, June 7, 2018

- I. Call to Order 12:00 P.M.  
Present: Jackson, Kravitz, Baran, Campbell, Avery, Zimmerman,  
Mabbot and Noble

- II. Minutes approved - Noble and Mabbot

Welcoming of Ray Beiersdorfer , Colleen McClain ,Nick Derico Natural Resources Steward of MMP(new ex officio member )

- III. MCMP Planning and Operations Director - Updates

More detail in minutes

Board meeting moved to Monday, June 18

Public comment at last board meeting was directed to Environment Committee.

- IV. Old business

No new oil or natural gas contracts

- IV. New Business

Golf Course Management - statement from Brian Tolnar, MetroParks Golf Course explaining golf course chemical applications and watering schedules. Golf course is a member of Audubon

Mabbot and Noble will visit and examine oil and gas wells within park.

Extended discussion of how we might partner with YSU  
Discussion of what exists currently (monitoring of water quality at 13 locations)  
What are feasible and realistic goals? There is agreement that YSU is always available to work with us and answer questions. In that there are so many environmental issues within the park that need to be addressed, we will maintain open dialogue . YSU faculty are always available to assist MCMP.

- V. Public Comment

Pat McCamy, member of standing development committee, voiced concerns about aeration of the lilly pond and suggested investigation various methods to avoid fish kills. We will consider the request. Nick Derico will look into some solutions and present for next meeting

- VI. Meeting adjourned at 1:20  
Motion by Baran, second by Campbell.
