The Board of Park Commissioners
of the Mill Creek Metropolitan Park District,
an Ohio public entity doing business as Mill Creek MetroParks

WHEREAS, on February 25, 1993, the Board of Park Commissioners (hereinafter, the “Board”) of the Mill Creek Metropolitan Park District d/b/a Mill Creek MetroParks (the “MetroParks”), passed a resolution resolving that the public interest demanded the construction of a bicycle path on a railroad right-of-way abandoned by Conrail, stretching from Western Reserve Road on the South to Mahoning Trumbull County line on the north, and having a length of approximately 12 miles, situated in Mahoning County, State of Ohio; and

WHEREAS, in the years 2000 and 2001, Mill Creek MetroParks constructed 10.6 miles of bikeway trail through Austintown Township, the City of Canfield, and Canfield Township upon such abandoned railroad line purchased by MetroParks, which construction comprised Phases I and II of the Mill Creek MetroParks Bikeway project (the “Bikeway”); and

WHEREAS, concurrent with the construction of Phases I and II of the Bikeway, the MetroParks commissioned and obtained a feasibility study for the alignment of Phase III of the Bikeway, which study resulted in the determination that the option to align and construct Phase III of the Bikeway along the former railroad corridor was the preferred alignment; and

WHEREAS, the existing Bikeway spans the northern two-thirds of Mahoning County, while the southern one-third of Mahoning County presently contains no bikeway facility; and

WHEREAS, the purpose of Phase III is to extend the existing Bikeway from Western Reserve Road in Canfield Township to High Street near State Route 14 at the Columbiana County line in the Village of Washingtonville; and

WHEREAS, completion of the 6.4 mile section of the Bikeway, described as Phase III, will provide local and regional users with a safe, uniformly-designed, multi-use, off-road trail facility dedicated for public transportation and recreational purposes; and

WHEREAS, since the completion of the feasibility study, the MetroParks has completed preliminary steps in furtherance of Phase III, including programming and securing funding for project planning, environmental studies, aerial surveying, geotechnical testing, site visits, and conducting individual meetings with property owners along the former railroad corridor; further, MetroParks has engaged consultants to assist in the completion of the various phases of the Phase III project; and

WHEREAS, the Board has diligently evaluated the Phase III project, and desires to hereby affirm and memorialize their authorization of the MetroParks to complete Phase III of the Bikeway project.

BE IT RESOLVED by the Board that we deem it necessary and in the best public interest that the MetroParks be and hereby are authorized to complete Phase III of the Bikeway project; and

BE IT FURTHER RESOLVED by the Board that the MetroParks be and hereby are authorized to consummate and complete all acquisition transactions as may be necessary to acquire the real property
contemplated for inclusion in Phase III of the project or, in instances where agreement cannot be reached with the landowner, the MetroParks and its legal counsel hereby are authorized to appropriate such property by power of eminent domain and initiate legal proceedings pursuant to Ohio Revised Code Chapter 163; and
