Chairperson Shale called the meeting to order at 9:00

Minutes of the November 16 meeting were distributed and approved.

This entire meeting was devoted to reviewing the Mill Creek MetroParks website and suggesting any changes/additions to facilitate an easier engagement of the community with the MetroParks.

The committee looked at the "All Parks, Facilities, and Regional Sites" section of the "Visit" tab. Several minor changes were suggested including moving and/or adding topics and pictures to enhance the user friendliness of the site.

It was very helpful as well as practical to have Marissa in attendance at our meeting. She was able to tell us what could easily be changed and what changes would not work. She also noted a few changes that should be made in order to bring uniformity to some of the individual pages.

The next meeting will be a continuation of the website review process. Rick, Frank, and Ed will begin searching for prospective members of the sub-committees regarding bicycle safety and historic document preservation.

Meeting adjourned at 12:30. Our next meeting is scheduled for Friday, February 22 at 10:00 am at the MetroParks Farm, Classroom A
