Confirmed Cases

- Immediately isolate and seek medical care for any individual who develops symptoms while at work
- Contact the local health district about suspected cases or exposures
- Shutdown shop/floor for deep sanitation if possible

Recommended Best Practices

- Group employees by shift to reduce exposure

- Consider having customers wear face coverings at all times.
- Health questionnaire for symptoms at entry point
- Provide face coverings upon entry
- Where possible, accept customers by appointment only
- Increase availability for curbside pickup
- Consider suspending return policies

- Close once a week for deep cleaning
- Maximize available checkout space to promote social distancing (e.g., space customer lines with floor markers, use alternate registers)
- Use contact-less payments where possible
- Increase capacity for delivery and curbside pickup

- Work with local health department to identify potentially infected or exposed individuals to help facilitate effective contact tracing/ notifications
- Once testing is readily available, test all suspected infections or exposures
- Following testing, contact local health department to initiate appropriate care and tracing

*Per the CDC, symptoms include cough, shortness of breath or difficulty breathing, fever, chills, muscle pain, sore throat, and new loss of taste or smell.
